

The "Ivory" is a favorite shaving soap because it makes a profuse rich lather, which softens the beard to be removed and leaves the skin unharmed.

It costs about one-fifth as much as the so-called shaving soaps and many who have used it for this purpose for years, will not have any other.

The vegetable oils of which Ivory Soap is made, fit it for many special uses for which other soaps are unsatisfactory.

One of the most pleasant events of the new year was the party at Mr Hunter's Friday evening. After a few hours of social chat and games of various kinds, refreshments consisting of cake, peaches and cream, and popcorn (such as only Mrs Hunter knows how to fix) were very much enjoyed by about forty young people. We next listened to some very fine violin music by Mr Hunter, then at an early hour next morning returned to our homes very thankful to Mr and Mrs Hunter for the very kind manner in which they entertained us. Those from a distance who attended the party were: Edith Harmon, from Moran, Hattie Salt from Humboldt, Richard Ewing from Iola, and a brother and niece of Mrs Hunter's, Mr Church and Miss Johnson from Lone Elm.
What might have proved a much more serious accident happened to Eddie Hunter last Wednesday evening while going after the cattle. He was riding along in a good little gallop when very suddenly his horse shied at something and threw Eddie off over his head and knocked four teeth out and bruised his face quite badly, but he was very fortunate to escape with only four teeth less.

The Sharples Dairy Cream Separators

Have solved the question of how to make cows pay; and the thousands of up-to-date farmers who have them in use testify to their merits. Are you one of them? If not, why not? Why not get out of the old back-number methods of handling milk? Why not make more money? Why not lessen the labor of the good house-wife? Why not make the skim milk valuable? Join the procession; write or call upon us; examine the machine and get valuable information.

We can show you Separators in operation netting the farmers from 100 to 200 per cent on the investment.

Why not do the same?

The Largest Army.

It is not generally known, perhaps, that the largest army in the world, that marshals under one banner, is that of the Sunday-school. In round numbers it exceeds the enormous enrollment of twenty-five millions and more than half of them are on American soil. Between thirteen and fourteen millions are in the United States and Canada, which is about one-sixth of the entire population. This has appropriately styled "Our Standing Army." Over twenty millions of them are studying the uniform system of International Lessons. Surely the inspiration of members is not lacking here. This great system of Bible study is but one of the beneficent features of work of the International Sunday School Convention, which covers the United States and Canada. Mr. Marion Lawrence, of Toledo, Ohio is the General Secretary and may be addressed for any information desired.

See, young maiden, that thou takest the genuine Rocky Mountain Tea, made by the Madison Medicine Co., if thou likest thy fair face. 35c. Ask your Druggist.
